# The Map Is Marked

*Vision 2040 | Expanding the Reach of RHEMA*

May 2026 · Featuring Rev. Tokunbo Adejuwon

Welcome to the beginning. The National Director unveils the spiritual burden behind Vision 2040, why now is the time, and the mandate to take the Word everywhere.

PUBLISHED BY RHEMA BIBLE TRAINING CENTRE NIGERIA

# A Conversation with the National Director

*Vision 2040 did not arrive as a strategy document. It came as a burden — a growing conviction that access to solid Bible training must increase if the harvest is to be preserved.*

Rev. Tokunbo Adejuwon — National Director, Rhema Bible Training Centre Nigeria

---

## Vision 2040 is a massive undertaking. What is the core spiritual burden that birthed this mandate?

Before Brother Hagin was born, about two or three days before his birth, Jesus appeared to his mother and said to her, "Fear not, the baby shall be born; just as John the Baptist was a forerunner of His first coming, he would be a forerunner of His second coming." That was the purpose for Brother Hagin's life and ministry — to help usher in Jesus' return.

Now, we know from the Bible, from James 5:7–8, that the husbandman is waiting for the precious fruit of the earth. We know from Matthew 24:14 that "this gospel of the kingdom shall be preached as a witness unto all nations, and then shall the end come." We also know from Revelation 5:9–10 that every people group will hear the gospel. That immediately tells us that our assignment includes getting the Word of God to every place — to the unreached, the unchurched, the unreached people groups. Getting it everywhere.

In May 1950, Brother Hagin had an audible voice from heaven. The Lord Jesus told him: "I want you to go teach my people faith. I've taught you faith through my Word. I permitted you to go through certain experiences. You've learned faith through my Word and through experience. I want you to go teach my people what I've taught you."

What was the target audience God gave him? "My people." Anywhere God's people are, we are sent there. What is our target audience? The Body of Christ.

Then in December 1962 and January 1963, in two visions, the Lord specifically told him: "I want you to minister to the whole body." This is an offshoot of our assignment. If we are to reach the whole Body of Christ, and if a soul is a soul, then there are people somewhere who have not heard that there is a Saviour.

Part of our assignment is to reach everybody. Yes, we may not go everywhere personally, but we can train people who will go. That is what Rhema Bible Training Centre does. We train people.

Rhema Nigeria started in 2010. By 2025 — that is 15 years — we had nine campuses. If we had nine campuses in 15 years, we cannot continue at that rate. We currently have an enrolment of over 11,000 in a nation of about 250 million people. Continuing the same way will not work. We have to be strategic about expansion, about reaching more people, spreading the message, and multiplying ourselves. That is where this came from.

---

### Why is “now” the time to push into new territories?

As Jesus’ coming draws nearer, the urgency of the hour becomes more intense. The truth is, the rapture can take place in our lifetime. It is the generation that brings closure to the Great Commission that will witness the rapture. The question is: What can we do to take this message out?

We believe we have a strong advantage in Nigeria. Kenneth Hagin’s books came into Nigeria in the 70s and 80s. I don’t think there is any country in Africa where Kenneth Hagin is as known and as honoured as he is in Nigeria. We are tremendously advantaged. The question then becomes: How do we take advantage of our advantage? That is why there is urgency.

As Esther 4:14 says, we have come into the kingdom for such a time as this. If not now, then when? We are the ones who teach that now faith is, and we know that God will do for us as much as we believe Him for.

We have a quickening in our spirit that this is the time. This is now. These are the people. We have trained people. We have gained traction, acceptability and respectability. People have come to see that we have integrity. We are here for the long haul.

We are not trying to use people to build Rhema. We are using Rhema to build people — to reach people and raise ministers. We have many graduates with the call of God burning in their hearts. This gives them focus. It rallies the troops around a common vision — not centred on ourselves, but centred on reaching the Body of Christ and reaching the lost.

> *We are not trying to use people to build Rhema. We are using Rhema to build people.*

> *If not now, then when?*

COUNTRY FOCUS

## Republic of Cameroon

*To win a nation, you must first know its story.*

POPULATION SIZE

## 30.6 Million

A significant harvest field requiring a multi-hub approach to ensure total coverage.

DOMINANT RELIGIONS

## Christianity 70.7% · Islam 24.4% · Animism 2.2%

While nominally Christian, syncretism — mixing faith with traditional occultism — is a major challenge for the true Gospel.

CHRISTIAN EXPRESSION

## Catholic 38% · Protestant/Pentecostal 32%

A strong Catholic heritage exists, but there is a massive hunger for the charismatic and teaching ministry in urban centres.

LITERACY RATE

## 77.1%

A highly literate population means a high capacity for deep Bible training and leadership development through literature.

PRIMARY LANGUAGES

## French & English (official)

Being bilingual is a strategic advantage — it lets pioneers bridge the gap between Anglophone and Francophone Africa.

YOUTH POPULATION

## ~63% under 25

More than 19 million people are in their early years. Cameroon's youth are at the forefront of the fight for its future.

URBAN VS RURAL

## 58% Urban · 42% Rural

Rapid urbanisation in Douala and Yaoundé provides a concentration of people for rapid campus planting.

BIBLE SCHOOLS

## Moderate, mostly urban

Most training centres are localised in cities. There is a training desert in the northern and eastern border regions.

**DID YOU KNOW?**

Cameroon is known as "Africa in Miniature" because it encompasses the continent's major climates and landscapes. If you can pioneer here, you can do it anywhere.

THE 10/40 WINDOW

While Africa has a high Christian population, the quality of training remains the greatest gap. In many parts of West and Central Africa, there is only one trained pastor for every 10,000 believers. We are not just planting churches — we are fixing the leadership deficit.

STATE FOCUS

# Katsina State

*English is for the office; Hausa is for the soul.*

POPULATION SIZE

### 9.3 Million

A massive, dense population concentrated in key commerce hubs. The harvest is vast.

DOMINANT RELIGION

### Islam (predominant)

A deeply religious environment. The approach must be rooted in honour, wisdom and power — rather than argument.

CHRISTIAN EXPRESSION

### Minority, mainly urban

Most Christians are concentrated in the Sabon Gari areas. There is a strategic need for embedded believers who model the Word in the marketplace.

LITERACY RATE

### 45% – 50%

Oral storytelling, audio teaching and Hausa-translated materials are more effective here than English textbooks.

PRIMARY LANGUAGES

### Hausa & Fulfulde (Fulani)

To win Katsina, you must speak the language of the heart. English is for the office; Hausa is for the soul.

THE BIBLICAL OG OF PIONEERING

# Paul the Trainer

*He did not only preach. He trained.*

Paul did not only preach. He trained. From city to city, he taught doctrine, corrected error, raised leaders, and then moved on — trusting the Word he had deposited.

## The King of the Side-Hustle: Tentmaking

Paul is the reason we use the term “tentmaking” today. He was a highly educated, top-tier intellectual who was not afraid to get leather dust under his fingernails.

## The Remote Work Pioneer

Paul literally ran the first global network through letters. When he could not be there physically — usually because he was in prison, another office he mastered — he wrote.

**PIONEER LESSON**

Influence is not limited by geography. Whether it is a letter from 60 AD or a Zoom call or PDF manual from May 2026, the teaching is what sustains the work — not just the leader’s personality.

## The Cultural Chameleon

In Athens, he quoted their poets. In Jerusalem, he spoke Hebrew. To the Romans, he pulled out his citizenship card.

**PIONEER LESSON**

Paul taught us that to win a territory, you have to translate the Gospel into the local gist — without watering down the power.

**MYTH VS FACT**

### The Super-Apostle Paul

Myth: Paul was a lonely Lone Ranger who did everything himself. Fact: Paul had one of the biggest CC lists in history. He travelled with Silas, Timothy, Luke and Priscilla. He was a team builder. If you look at the end of his letters, such as Romans 16, it feels like a modern-day email thread in which he copies everyone involved in the mission. Vision 2040 is not looking for a one-man army. We are looking for the Body of Christ.

For our pioneers, that might mean becoming a French student in Douala, a tech mentor in Yaoundé, or an explorer in a village square. Paul’s life proves that the audacity to begin is fuelled by the willingness to adapt.

> *I have become all things to all people so that by all possible means I might save some. — 1 Corinthians 9:22*
